

## Inactive list of Members

(Arranged alphabetical/numerical according to AIOS Membership Nos)

Many copies of IJO keep coming to our office due to non-delivery. To streamline the system we have created a list of inactive members from whom at least two consecutive issues of IJO (March – April 2008 and May- June 2008) have been returned back . The current issue Volume 56 issue no. 4 of IJO has not been dispatched to them. The list of such members is given below. All members whose names appear in the list should send their present address to the editorial office so that we can update our database and start sending the copies of IJO again.
