

Inactive list of Members
As in March 2009

(Arranged alphabetical/numerical according to AIOS Membership Nos)

Many copies of IJO keep coming to our office due to non-delivery. To streamline the system we have created a list of inactive members. The list of such members is given below. All members whose names appear in the list should send their present address to the editorial office so that we can update our database and start sending the copies of IJO again.
